

THIS IS AN APPLICATION FOR A BUILDING PERMIT

1. Read these instructions and carefully complete the application.
2. No building or structure shall be erected, added to or structurally altered or the use changed until a permit has been issued.
3. Return the application to the office with the appropriate fee, signed and notarized (where applicable). A line drawing, or schematic and site plan must accompany the application as required by New York State Building Codes. If the plans require the seal and signature of a New York State registered Architect or Engineer as per the New York State Education Law then two sets of plans must be submitted. Example: septic system, manufactured housing foundation, 1500 square feet or more of residential living space, commercial changes or construction, etc.
4. If a building contractor is listed on the building permit application you must supply proof of workers compensation insurance or an exemption form workers compensation on an approved state form. An Accord form is not acceptable.
5. The application will be reviewed and a permit will be issued after it has been determined to conform to the New York State Building Codes, current Zoning Regulations and any local laws.
6. If you are excavating at the site you must call Dig Safely at 1-800-962-7962 or 811 for an underground utility location. Failure to do so will make you liable for any service disruptions.
7. A precondition for issuance of this permit grants to any authorized official, access for inspection to the site described in this application.
8. Work for which a building permit is in effect shall be inspected for approval, prior to enclosing or covering each stage of construction, including building location, site preparation, excavation, foundation, framing, superstructure, electrical, plumbing, heat and air conditioning. It is the responsibility of the applicant or contractor to call the Code Enforcement Officer, at the Waddington Town Office 315-388-5629 or at home between the hours of 8:00 AM and 7:00 PM, seven days a week, at 315-322-5555. More than one inspection may be necessary. **DO NOT PROCEED TO THE NEXT STEP OF CONSTRUCTION IF SUCH WORK IS "INTERNAL WORK"**, otherwise work may need to be removed at the applicant's expense to conduct the interior inspection. Close coordination with the Code Enforcement Office will greatly reduce this possibility.
9. A permit may be suspended or revoked if it is determined that the work or use to which it pertains has been misrepresented or falsified in connection with the application for the permit.
10. If a Certificate of Occupancy is required, the structure shall not be occupied until said certificate is issued.
11. A permit issued pursuant to this application shall be prominently displayed on the property or premises to which it pertains.

Thank you for your cooperation!

LAWS OF NEW YORK, 1998
CHAPTER 439

The **general municipal law is amended by adding a new section 125** to read as follows:

125. ISSUANCE OF BUILDING PERMITS. NO CITY, TOWN OR VILLAGE SHALL ISSUE A BUILDING PERMIT WITHOUT OBTAINING FROM THE PERMIT APPLICANT EITHER:

1. PROOF DULY SUBSCRIBED THAT WORKERS' COMPENSATION INSURANCE AND DISABILITY BENEFITS COVERAGE ISSUED BY AN INSURANCE CARRIER IN A FORM SATISFACTORY TO THE CHAIR OF THE WORKERS' COMPENSATION BOARD AS PROVIDED FOR IN SECTION FIFTY-SEVEN OF THE WORKERS' COMPENSATION LAW IS EFFECTIVE; OR

2. AN AFFIDAVIT THAT SUCH PERMIT APPLICANT HAS NOT ENGAGED AN EMPLOYER OR ANY EMPLOYEES AS THOSE TERMS ARE DEFINED IN SECTION TWO OF THE WORKERS' COMPENSATION LAW TO PERFORM WORK RELATING TO SUCH BUILDING PERMIT.

Implementing Section 125 of the General Municipal Law

1. General Contractors -- Business Owners and Certain Homeowners

For **businesses and certain homeowners listed as the general contractors on building permits**, proof that they are in compliance with Section 57 of the Workers' Compensation Law (WCL) is **ONE** of the following forms that indicate that they are:

- ◆ insured (C-105.2 or U-26.3),
- ◆ self-insured (SI-12), or
- ◆ are exempt (CE-200),

under the mandatory coverage provisions of the WCL. Any residence that is not a **1, 2, 3 or 4 Family, Owner-occupied Residence** is considered a business (income or potential income property) and must prove compliance by filing one of the above forms.

2. Owner-occupied Residences

For homeowners of a **1, 2, 3 or 4 Family, Owner-occupied Residence**, proof of their exemption from the mandatory coverage provisions of the Workers' Compensation Law when applying for a building permit is to file form BP-1 (12/08).

- ◆ Form BP-1 shall be filed if the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is listed as the general contractor on the building permit, and the homeowner:
 - ◇ is performing all the work for which the building permit was issued him/herself,
 - ◇ is not hiring, paying or compensating in any way, the individual(s) that is(are) performing all the work for which the building permit was issued or helping the homeowner perform such work, or

- ◆ If the homeowner of a **1, 2, 3 or 4 Family, Owner-occupied Residence** is hiring or paying individuals a total of **40 hours or MORE** in any week (aggregate hours for all paid individuals on the jobsite) for the work for which the building permit was issued, then the homeowner may not file the "Affidavit of Exemption" form, BP-1(12/08), but shall either:
 - ◇ acquire appropriate workers' compensation coverage and provide appropriate proof of that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit (the C-105.2 or U-26.3 form), OR
 - ◇ have the general contractor, (performing the work on the 1, 2, 3 or 4 family, **owner-occupied** residence (including condominiums) listed on the building permit) provide appropriate proof of workers' compensation coverage, or proof of exemption from that coverage on forms approved by the Chair of the NYS Workers' Compensation Board to the government entity issuing the building permit.
